Dear Jerry:

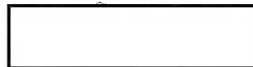

I am late in getting this thank you letter off to you. But I want you to know how much we appreciate the time and trouble you have taken to give us the benefit of your very solid views on planning and how it might be done more effectively.

It is indeed an important area in any organization's efforts. The eyes of too many people glaze over when the topic comes up and it was gratifying to meet and talk with someone like you who is not only expert but enthusiastic.

Thank you too for sending copies of the notes you used for your discussion with us. I know your time was short while you were in Washington and we are very grateful that you took some of it to give us a hand.

All the best. Let's keep in touch.

Faithfully yours,

E. H. Knoche
